

Clearing browser cache in Chrome

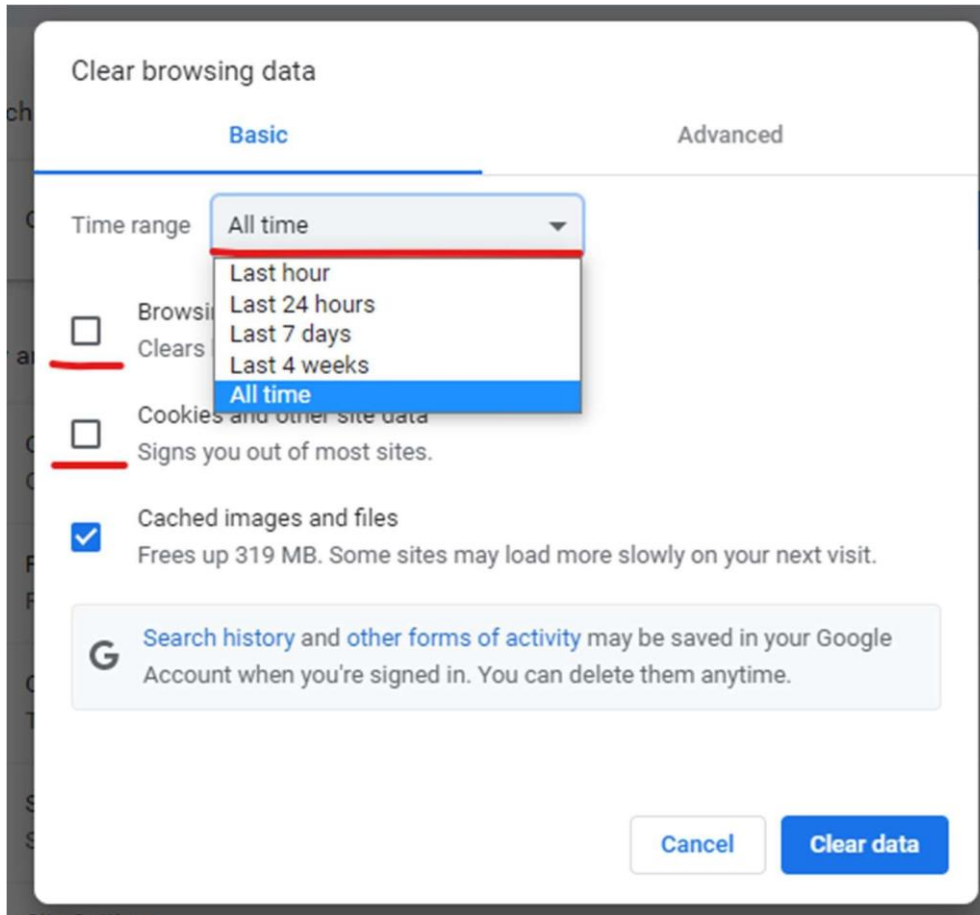

1. Open Chrome and choose a profile if necessary.

2. Press Control + Shift + Delete at the same time to open the Clear browsing data setting.

3. Set a time range -- we recommend All time -- and uncheck browsing history and cookies, unless you'd like to clear those as well.

4. Click on clear data.

Clear browsing data

Basic Advanced

Time range: All time

- Browsing history
Clears history, including in the search box
- Cookies and other site data
Signs you out of most sites.
- Cached images and files
Frees up 319 MB. Some sites may load more slowly on your next visit.

 Search history and other forms of activity may be saved in your Google Account when you're signed in. You can delete them anytime.
